11 millions Digiposte digital safes already open.

How do you create your Digiposte digital safe?

1 Register for free with your e-mail address

From your
browser

or

By installing the free
Digiposte app

secure.digiposte.fr/inscription-plus

Enter a cell phone number to strengthen the security of your account.

2 Add your important documents

You get **5 GB of free storage** for all your documents:

- ✓ Use the mobile app's scanner to take photos of your documents (ID card, proof of address, driver's license, family record book, notarized documents, etc.).
- ✓ Add your documents manually from your computer or smartphone.
- ✓ Send your documents by e-mail to your Digiposte safe.

3 Share your documents securely

Send your documents with confidence, thanks to the secure sharing link. You can add even more security by password-protecting this sharing link and setting a deadline for downloading shared documents

- ✓ Secure
- ✓ Fast
- ✓ Practical
